QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended September 30, 2022

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from to

BYTE ACQUISITION CORP.  
(Exact name of registrant as specified in its charter)

<u>Cayman Islands</u> (State or other jurisdiction of incorporation or organization)	<u>001-40222</u> (Commission File Number)	<u>N/A</u> (I.R.S. Employer Identification Number)
<u>445 Park Avenue, 9<sup>th</sup> Floor New York, NY</u> (Address of principal executive offices)		<u>10022</u> (Zip Code)

Registrant's telephone number, including area code: (917) 969-9250

Not Applicable  
(Former name or former address, if changed since last report)

Securities registered pursuant to Section 12(b) of the Act:

<u>Title of each class</u>	<u>Trading Symbol(s)</u>	<u>Name of each exchange on which registered</u>
Units, each consisting of one Class A Ordinary Share, \$0.0001 par value, and one-half of one redeemable warrant	BYTSU	The Nasdaq Stock Market LLC
Class A Ordinary Shares included as part of the units	BYTS	The Nasdaq Stock Market LLC
Redeemable warrants included as part of the units, each whole warrant exercisable for one Class A Ordinary Share at an exercise price of \$11.50	BYTSW	The Nasdaq Stock Market LLC

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer	<input type="checkbox"/>	Accelerated filer	<input type="checkbox"/>
Non-accelerated filer	<input checked="" type="checkbox"/>	Smaller reporting company	<input checked="" type="checkbox"/>
		Emerging growth company	<input checked="" type="checkbox"/>

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes  No

As of November 7, 2022, 33,399,251 shares of Class A ordinary shares, par value \$0.0001, and 8,092,313 shares of Class B ordinary shares, par value \$0.0001, were issued and outstanding.

**BYTE ACQUISITION CORP.**  
**NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS**

**Note 1 - Description of Organization and Business Operations**

BYTE Acquisition Corp. (the "Company") is a blank check company incorporated as a Cayman Islands exempted company on January 8, 2021. The Company was formed for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses ("Business Combination"). While the Company may pursue an initial business combination target in any business or industry, it intends to focus its search for targets in the Israeli technology industry, including those engaged in cybersecurity, automotive technology, fintech, enterprise software, cloud computing, semiconductors, medical technology, AI and robotics and that offer a differentiated technology platform and products. The Company is an early stage and emerging growth company and, as such, the

Company is subject to all of the risks associated with early stage and emerging growth companies.

As of September 30, 2022, the Company had not yet commenced operations. All activity for the period from January 8, 2021 (inception) through September 30, 2022 relates to the Company's formation and the initial public offering (the "Initial Public Offering") and since the closing of the initial public offering, the search for a prospective initial Business Combination. The Company will not generate any operating revenues until after the completion of a Business Combination, at the earliest. The Company generates non-operating income in the form of interest and other income on investments of the proceeds derived from the Initial Public Offering. The Company has selected December 31 as its fiscal year end.

The Company's sponsor is Byte Holdings LP, a Cayman Islands exempted limited partnership (the "Sponsor"). The registration statement for the Company's Initial Public Offering was declared effective on March 17, 2021. On March 23, 2021, the Company consummated its Initial Public Offering of 30,000,000 units (the "Units" and, with respect to the Class A ordinary shares included in the Units, the "Public Shares"), at \$10.00 per Unit, generating gross proceeds of \$300.0 million, and incurring underwriting fees and other offering costs of approximately \$17.2 million, inclusive of approximately \$10.5 million in deferred underwriting commissions (see Note 6). The underwriter was granted a 45-day option from the date of the final prospectus relating to the Initial Public Offering to purchase up to 4,500,000 additional Units to cover over-allotments, if any, at \$10.00 per Unit. On April 7, 2021, the underwriter exercised the over-allotment option in part and purchased an additional 2,369,251 Units (the "Over-Allotment Units"), generating gross proceeds of \$23,692,510.

Simultaneously with the closing of the Initial Public Offering, the Company consummated the private placement ("Private Placement") of 1,030,000 Units (the "Private Placement Units") at a price of \$10.00 per Private Placement Unit, generating total gross proceeds of \$10.3 million (see Note 4).

Upon the closing of the Initial Public Offering, sale of the Over-Allotment Units and closing of the Private Placement, \$323.7 million (\$10.00 per Unit) of the net proceeds of the Initial Public Offering, the Over-Allotment Units and certain of the proceeds of the Private Placement was placed in a trust account ("Trust Account") and will be invested in U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act of 1940, as amended (the "Investment Company Act"), with a maturity of 185 days or less, or in any open-ended investment company that holds itself out as a money market fund meeting certain conditions of Rule 2a-7 of the Investment Company Act, as determined by the Company, until the earlier of: (i) the completion of a Business Combination and (ii) the distribution of the funds in the Trust Account to the Company's shareholders, as described below. In addition, the Company transferred an excess amount of \$900,000 into the Trust Account upon closing of the Initial Public Offering, of which approximately \$474,000 remained in the Trust Account after closing of the sale of the Over-Allotment Units.

The Company's management has broad discretion with respect to the specific application of the net proceeds of the Initial Public Offering and the sale of the Private Placement Units, although substantially all of the net proceeds are intended to be applied generally toward completing a Business Combination. The Company must complete its initial Business Combination with one or more target businesses that together have a fair market value equal to at least 80% of the net assets held in the Trust Account (excluding the amount of any deferred underwriting commissions held in the Trust Account) at the time of the agreement to enter into a Business Combination. The Company will only complete a Business Combination if the post-Business Combination company owns or acquires 50% or more of the issued and outstanding voting securities of the target or otherwise acquires a controlling interest in the target business sufficient for it not to be required to register as an investment company under the Investment Company Act. There is no assurance that the Company will be able to successfully effect a Business Combination.

**BYTE ACQUISITION CORP.  
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS**

The Company will provide its shareholders of the Public Shares (the "Public Shareholders") with the opportunity to redeem all or a portion of their Public Shares upon the completion of a Business Combination either (i) in connection with a shareholder meeting called to approve the Business Combination or (ii) by means of a tender offer. The decision as to whether the Company will seek shareholder approval of a Business Combination or conduct a tender offer will be made by the Company. The Public Shareholders will be entitled to redeem their Public Shares for a pro rata portion of the amount held in the Trust Account (at \$10.056 per share), calculated as of two business days prior to the completion of a Business Combination, including any pro rata interest earned on the funds held in the Trust Account and not previously released to the Company to pay its tax obligations. There will be no redemption rights upon the completion of a Business Combination with respect to the Company's warrants. The Class A ordinary shares were recorded at redemption value and classified as temporary equity in accordance with the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 480 "Distinguishing Liabilities from Equity" ("ASC 480").

If the Company seeks shareholder approval, the Company will complete a Business Combination only if it receives an ordinary resolution under Cayman Islands law approving a Business Combination, which requires the affirmative vote of a majority of the shareholders who vote at a general meeting of the Company. If a shareholder vote is not required under applicable law or stock exchange listing requirements and the Company does not decide to hold a shareholder vote for business or other reasons, the Company will, pursuant to its Amended and Restated Memorandum and Articles of Association, conduct the redemptions pursuant to the tender offer rules of the Securities and Exchange Commission ("SEC"), and file tender offer documents containing substantially the same information as would be included in a proxy statement with the SEC prior to completing a Business Combination. If the Company seeks shareholder approval in connection with a Business Combination, the Sponsor agreed to vote its Founder Shares (as defined in Note 5), the Class A ordinary shares underlying the Private Placement Units (the "Private Placement Shares") and any Public Shares purchased in or after the Initial Public Offering in favor of approving a Business Combination and to waive its redemption rights with respect to any such shares in connection with a shareholder vote to approve a Business Combination. However, in no event will the Company redeem its Public Shares in an amount that would cause its net tangible assets to be less than \$5,000,001. In such case, the Company would not proceed with the redemption of its Public Shares and the related Business Combination, and instead may search for an alternate Business Combination. Additionally, each Public Shareholder may elect to redeem its Public Shares, without voting, and if they do vote, irrespective of whether they vote for or against a proposed Business Combination.

Notwithstanding the foregoing, if the Company seeks shareholder approval of a Business Combination and it does not conduct redemptions pursuant to the tender offer rules, the Company's Amended and Restated Memorandum and Articles of Association provides that a Public Shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a "group" (as defined under Section 13 of the Securities Exchange Act of 1934, as amended (the "Exchange Act")), will be restricted from redeeming its shares with respect to more than an aggregate of 15% of the Public Shares without the Company's prior written consent.

**BYTE ACQUISITION CORP.  
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS**

The Sponsor agreed (a) to waive its redemption rights with respect to any Founder Shares and Public Shares held by it in connection with the completion of a Business Combination and (b) not to propose an amendment to the Amended and Restated Memorandum and Articles of Association (i) to modify the substance or timing of the Company's obligation to redeem 100% of the Public Shares if the Company does not complete a Business Combination within the Combination Period (as defined below) or (ii) with respect to any other provision relating to shareholders' rights or pre-initial business combination activity, unless the Company provides the Public Shareholders with the opportunity to redeem their Public Shares in conjunction with any such amendment and (iii) to waive its rights to liquidating distributions from the Trust Account with

respect to the Founder Shares if the Company fails to complete a Business Combination.

The Company will have until 24 months from the closing of the Initial Public Offering, or March 23, 2023 (the “Combination Period”) to complete a Business Combination. If the Company is unable to complete a Business Combination within the Combination Period, the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but no more than 10 business days thereafter, redeem 100% of the outstanding Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned (less taxes payable and up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding Public Shares, which redemption will completely extinguish public shareholders’ rights as shareholders (including the right to receive further liquidation distributions, if any), and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the remaining shareholders and the Company’s board of directors, dissolve and liquidate, subject in each case to its obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law.

The Sponsor agreed to waive its liquidation rights with respect to the Founder Shares and Private Placement Shares if the Company fails to complete a Business Combination within the Combination Period. However, if the Sponsor acquires Public Shares in or after the Initial Public Offering, such Public Shares will be entitled to liquidating distributions from the Trust Account if the Company fails to complete a Business Combination within the Combination Period. The underwriters agreed to waive their rights to their deferred underwriting commission (see Note 6) held in the Trust Account in the event the Company does not complete a Business Combination within the Combination Period and, in such event, such amounts will be included with the funds held in the Trust Account that will be available to fund the redemption of the Public Shares. In the event of such distribution, it is possible that the per share value of the assets remaining available for distribution will be less than the Initial Public Offering price per Unit (\$10.00).

The Sponsor agreed that it will be liable to the Company, if and to the extent any claims by a third party for services rendered or products sold to the Company, or by a prospective target business with which the Company has entered into a written letter of intent, confidentiality or other similar agreement or business combination agreement, reduce the amount of funds in the Trust Account to below the lesser of (1) \$10.00 per Public Share and (2) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than \$10.00 per Public Share due to reductions in the value of trust assets, less taxes payable. This liability will not apply to any claims by a third party or prospective target business who executed a waiver of any and all rights to the monies held in the Trust Account nor will it apply to any claims under the Company’s indemnity of the underwriters of the Initial Public Offering against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the “Securities Act”). Moreover, in the event that an executed waiver is deemed to be unenforceable against a third party, the Sponsor will not be responsible to the extent of any liability for such third-party claims. The Company will seek to reduce the possibility that the Sponsor will have to indemnify the Trust Account due to claims of creditors by endeavoring to have all vendors, service providers (other than the Company’s independent public accountants), prospective target businesses or other entities with which the Company does business, execute agreements with the Company waiving any right, title, interest or claim of any kind in or to monies held in the Trust Account.

**BYTE ACQUISITION CORP.**  
**NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS**

**Note 2 - Basis of Presentation and Summary of Significant Accounting Policies**

*Basis of Presentation*

The accompanying unaudited condensed financial statements are presented in U.S. dollars in conformity with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information and with the instructions to Form 10-Q and Article 8 of Regulation S-X and pursuant to the rules and regulations of the SEC. Accordingly, certain disclosures included in the annual financial statements have been condensed or omitted from these financial statements as they are not required for interim financial statements. In the opinion of management, the unaudited condensed financial statements reflect all adjustments, which include only normal recurring adjustments necessary for the fair statement of the balances and results for the periods presented. Operating results for the three and nine months ended September 30, 2022 are not necessarily indicative of the results that may be expected through December 31, 2022.

The accompanying unaudited condensed financial statements should be read in conjunction with the Company’s Annual Report on Form 10-K for the year ended December 31, 2021, as filed with the SEC on April 5, 2022, which contains the audited financial statements and notes thereto. The financial information as of December 31, 2021, is derived from the audited financial statements presented in the Company’s Annual Report on Form 10-K for the year ended December 31, 2021, as filed with the SEC on April 6, 2022.

*Liquidity and Going Concern*

As of September 30, 2022, the Company had approximately \$1.2 million in its operating bank account and working capital of approximately \$1.2 million.

The Company’s liquidity through the consummation of the Initial Public Offering were satisfied through the payment of \$25,000 from the Sponsor to cover certain offering costs on behalf of the Company in exchange for the issuance of the Founder Shares (as defined below), the loan under the Note from the Sponsor of approximately \$149,000 (see Note 5) to the Company, and the net proceeds from the consummation of the Private Placement not held in the Trust Account. The Company fully repaid the Note on March 25, 2021. In addition, in order to finance transaction costs in connection with a Business Combination, the Company’s officers, directors and Initial Shareholders may, but are not obligated to, provide the Company Working Capital Loans (see Note 5). To date, there were no amounts outstanding under any Working Capital Loans.

In connection with the Company’s assessment of going concern considerations in accordance with FASB ASC Topic 205-40, “Presentation of Financial Statements - Going Concern,” management has determined that the mandatory liquidation and subsequent dissolution raises substantial doubt about the Company’s ability to continue as a going concern. No adjustments have been made to the carrying amounts of assets or liabilities should the Company be required to liquidate after March 23, 2023. The condensed financial statements do not include any adjustment that might be necessary if the Company is unable to continue as a going concern.

8

---

**BYTE ACQUISITION CORP.**  
**NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS**

*Risks and Uncertainties*

Management continues to evaluate the impact of the COVID-19 pandemic and has concluded that the specific impact is not readily determinable as of the date of the financial statements. The condensed financial statements do not include any adjustments that might result from the outcome of this uncertainty.

*Emerging Growth Company*

The Company is an “emerging growth company,” as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that an emerging growth company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard.

This may make comparison of the Company’s condensed financial statements with another public company that is neither an emerging growth company nor an emerging growth company that has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

**BYTE ACQUISITION CORP.**  
**NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS**

*Use of Estimates*

The preparation of financial statements in conformity with GAAP requires the Company’s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed financial statements. Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the condensed financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. Accordingly, the actual results could differ significantly from those estimates.

*Cash and Cash Equivalents*

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents. The Company had no cash equivalents as of September 30, 2022 or December 31, 2021.

*Investments Held in Trust Account*

The Company’s portfolio of investments is comprised solely of U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act, with a maturity of 185 days or less, or investments in money market funds that invest in U.S. government securities and generally have a readily determinable fair value, or a combination thereof. When the Company’s investments held in the Trust Account are comprised of U.S. government securities, the investments are classified as trading securities. When the Company’s investments held in the Trust Account are comprised of money market funds, the investments are recognized at fair value. Trading securities and investments in money market funds are presented on the condensed balance sheets at fair value at the end of each reporting period. Gains and losses resulting from the change in fair value of these securities is included in income from investments held in Trust Account in the accompanying condensed statements of operations. The estimated fair values of investments held in the Trust Account are determined using available market information.

*Concentration of Credit Risk*

Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash accounts in a financial institution, which, at times, may exceed the Federal Depository Insurance Coverage of \$250,000, and investments held in Trust Account. At September 30, 2022, the Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

*Fair Value of Financial Instruments*

The fair value of the Company’s assets and liabilities, which qualify as financial instruments under the FASB ASC Topic 820, “Fair Value Measurements,” equal or approximate the carrying amounts represented in the condensed balance sheets.

*Fair Value Measurements*

Fair value is defined as the price that would be received for sale of an asset or paid for transfer of a liability, in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). These consist of:

- Level 1, defined as observable inputs such as quoted prices for identical instruments in active markets;
- Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable such as quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active; and
- Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

In some circumstances, the inputs used to measure fair value might be categorized within different levels of the fair value hierarchy. In those instances, the fair value measurement is categorized in its entirety in the fair value hierarchy based on the lowest level input that is significant to the fair value measurement.

**BYTE ACQUISITION CORP.**  
**NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS**

*Derivative Warrant Liabilities*

The Company does not use derivative instruments to hedge exposures to cash flow, market, or foreign currency risks. The Company evaluates all of its financial instruments, including issued share purchase warrants and forward purchase agreements, to determine if such instruments are derivatives or contain features that qualify as embedded derivatives, pursuant to ASC 480 and FASB ASC Topic 815, “Derivatives and Hedging” (“ASC 815”). The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is re-assessed at the end of each reporting period.

The warrants issued in connection with the Company’s Initial Public Offering (the “Public Warrants”) and the Private Placement Warrants are recognized as derivative liabilities in accordance with ASC 815. Accordingly, the Company recognizes the warrant instruments as liabilities at fair value and adjusts the instruments to fair value at each reporting period. The liabilities are subject to re-measurement at each balance sheet date until exercised, and any change in fair value is recognized in the Company’s condensed statements of operations. The initial estimated fair value of the warrants was measured using a Monte Carlo simulation. The subsequent estimated fair value of the Public Warrants is based on the listed price in an active market for such warrants while the fair value of the Private Placement Warrants continues to be measured using a Monte Carlo simulation with the key inputs being directly or indirectly observable from the Public Warrants listed price.

*Offering Costs Associated with the Initial Public Offering*

Offering costs consisted of legal, accounting, underwriting fees and other costs incurred through the Initial Public Offering that were directly related to the Initial Public Offering. Offering costs were allocated to the separable financial instruments issued in the Initial Public Offering based on a relative fair value basis, compared to total proceeds received. Offering costs associated with derivative warrant liabilities were expensed as incurred and presented as non-operating expenses in the condensed statements of operations. Offering costs associated with the Class A ordinary shares issued were charged against the carrying value of Class A ordinary shares subject to possible redemption upon the completion of the Initial Public Offering. The Company classifies deferred underwriting commissions as non-current liabilities as their liquidation is not reasonably expected to require the use of current assets or require the creation of current liabilities.

*Class A Ordinary Shares Subject to Possible Redemption*

The Company accounts for its Class A ordinary shares subject to possible redemption in accordance with the guidance in ASC 480. Class A ordinary shares subject to mandatory redemption (if any) is classified as liability instruments and are measured at fair value. Conditionally redeemable Class A ordinary shares (including Class A ordinary shares that features redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company’s control) are classified as temporary equity. At all other times, Class A ordinary shares is classified as shareholders’ equity. The Company’s Public Shares feature certain redemption rights that are considered to be outside of the Company’s control and subject to the occurrence of uncertain future events. Accordingly, as of September 30, 2022 and December 31, 2021, 32,369,251 Class A ordinary shares subject to possible redemption are presented at redemption value as temporary equity, outside of the shareholders’ equity section of the Company’s condensed balance sheets.

Effective with the closing of the Initial Public Offering (including sale of the Over-Allotment Units), the Company recognized the accretion from initial book value to redemption amount, which resulted in charges against additional paid-in capital (to the extent available) and accumulated deficit.

*Income Taxes*

The Company accounts for income taxes under FASB ASC Topic 740, “Income Taxes,” which clarifies the accounting for uncertainty in income taxes recognized in an enterprise’s financial statement and prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Company’s management determined that the Cayman Islands is the Company’s only major tax jurisdiction. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. There were no unrecognized tax benefits and no amounts accrued for interest and penalties as of September 30, 2022 or December 31, 2021. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position.

**BYTE ACQUISITION CORP.**  
**NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS**

The Company is considered an exempted Cayman Islands Company and is presently not subject to income taxes or income tax filing requirements in the Cayman Islands or the United States. As such, the Company’s tax provision was zero for the period presented. The Company’s management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

*Net Income Per Ordinary Share*

The Company complies with accounting and disclosure requirements of FASB ASC Topic 260, “Earnings Per Share.” The Company has two classes of shares, which are referred to as Class A ordinary shares subject to possible redemption and non-redeemable Class A ordinary shares and Class B ordinary shares. Income and losses are shared pro rata between the two classes of shares. Net income per ordinary share is calculated by dividing the net income by the weighted average of ordinary shares outstanding for the respective period.

The calculation of diluted net income per ordinary shares does not consider the effect of the Public Warrants and the Private Placement Warrants to purchase an aggregate of 16,699,626 ordinary shares in the calculation of diluted income per share, because their exercise is contingent upon future events and their inclusion would be anti-dilutive under the treasury stock method. As a result, diluted net income per share is the same as basic net income per share for the three and nine months ended September 30, 2022, for the three months ended September 30, 2021 and for the period from January 8, 2021 (inception) through September 30, 2021. Remeasurement associated with the redeemable Class A ordinary shares is excluded from net income per share as the redemption value approximates fair value.

The following table reflects presents a reconciliation of the numerator and denominator used to compute basic and diluted net income per share of ordinary shares:

	<b>For The Three Months Ended September 30, 2022</b>	<b>For The Three Months Ended September 30, 2021</b>
Class A	Class A non- redeemable and Class B	Class A non- redeemable and Class B

Basic and diluted net income per ordinary share:  
*Numerator:*

Allocation of net income	\$ 1,178,664	\$ 332,172	\$ 7,644,777	\$ 2,154,453
<i>Denominator:</i>				
Basic and diluted weighted average ordinary shares outstanding	32,369,251	9,122,313	32,369,251	9,122,313
Basic and diluted net income per ordinary share	\$ 0.04	\$ 0.04	\$ 0.24	\$ 0.24
	<b>For the Nine Months Ended September 30, 2022</b>		<b>For The Period From January 8, 2021 (Inception) through September 30, 2021</b>	
	<b>Class A</b>	<b>Class A non- redeemable and Class B</b>	<b>Class A</b>	<b>Class A non- redeemable and Class B</b>
Basic and diluted net income per ordinary share:				
<i>Numerator:</i>				
Allocation of net income	\$ 6,772,201	\$ 1,908,544	\$ 2,807,492	\$ 1,043,877
<i>Denominator:</i>				
Basic and diluted weighted average ordinary shares outstanding	32,369,251	9,122,313	23,230,667	8,637,592
Basic and diluted net income per ordinary share	\$ 0.21	\$ 0.21	\$ 0.12	\$ 0.12

12

**BYTE ACQUISITION CORP.  
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS**

*Recent Accounting Pronouncements*

Management does not believe that any recently issued, but not yet effective, accounting standards if currently adopted would have a material effect on the accompanying unaudited condensed financial statements.

**Note 3 - Initial Public Offering**

On March 23, 2021, the Company consummated its Initial Public Offering of 30,000,000 Units, at \$10.00 per Unit, generating gross proceeds of \$300.0 million, and incurring underwriting fees and other offering costs of approximately \$17.2 million, inclusive of approximately \$10.5 million in deferred underwriting commissions.

On April 7, 2021, the underwriter exercised the over-allotment option in part and purchased the Over-Allotment Units, generating gross proceeds of \$3,692,510, and 532,687 Founder Shares were subsequently forfeited by the Sponsor.

Each Unit consists of one Class A ordinary share and one-half of one redeemable warrant ("Public Warrant"). Each whole Public Warrant entitles the holder to purchase one Class A ordinary share at an exercise price of \$11.50 per share, subject to adjustment (see Note 9).

**Note 4 - Private Placement**

Simultaneously with the closing of the Initial Public Offering, the Company consummated the Private Placement of 1,030,000 Private Placement Units at a price of \$10.00 per Private Placement Unit, generating total gross proceeds of \$10.3 million.

The proceeds from the sale of the Private Placement Units were added to the net proceeds from the Initial Public Offering held in the Trust Account. If the Company does not complete a Business Combination within the Combination Period, the private placement warrants underlying the Private Placement Units (the "Private Placement Warrants") will expire worthless.

**Note 5 - Related Party Transactions**

*Founder Shares*

On January 22, 2021, the Sponsor paid an aggregate of \$25,000 to cover certain offering costs of the Company in consideration for 8,625,000 of the Company's Class B ordinary shares (the "Founder Shares"). The Founder Shares included an aggregate of up to 1,125,000 shares subject to forfeiture by the Sponsor to the extent that the underwriters' over-allotment was not exercised in full or in part, so that the number of Founder Shares would collectively represent 20% of the Company's issued and outstanding shares upon the completion of the Initial Public Offering (excluding the Private Placement Shares). On April 7, 2021, the underwriter exercised its over-allotment option in part, and 532,687 Founder Shares were subsequently forfeited by the Sponsor.

13

**BYTE ACQUISITION CORP.  
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS**

The Sponsor agreed, subject to limited exceptions, not to transfer, assign or sell any of its Founder Shares until the earlier to occur of: (A) one year after the completion of a Business Combination; and (B) subsequent to a Business Combination, (x) if the closing price of the Class A ordinary shares equals or exceeds \$12.00 per share (as adjusted for share sub-divisions, share capitalizations, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 120 days after a Business Combination, or (y) the date on which the Company completes a liquidation, merger, amalgamation, share exchange, reorganization or other similar transaction that results in all of the Company's shareholders having the right to exchange their Class A ordinary shares for cash, securities or other property.

### Promissory Note - Related Party

On January 22, 2021, the Company entered into a promissory note with the Sponsor, pursuant to which the Company could have borrowed up to an aggregate principal amount of \$251,000 (the "Note"). The Note was non-interest bearing and payable upon the completion of the Initial Public Offering. The Company borrowed approximately \$149,000 under the Note and fully repaid the Note on March 25, 2021.

### Related Party Loans

In order to finance transaction costs in connection with a Business Combination, the Sponsor or an affiliate of the Sponsor, or certain of the Company's officers and directors may, but are not obligated to, loan the Company funds as may be required ("Working Capital Loans"). Such Working Capital Loans would be evidenced by promissory notes. The notes may be repaid upon completion of a Business Combination, without interest, or, at the lender's discretion, up to \$1,500,000 of the notes may be converted upon completion of a Business Combination into private placement-equivalent units at a price of \$10.00 per unit. Such units would be identical to the Private Placement Units. In the event that a Business Combination does not close, the Company may use a portion of proceeds held outside the Trust Account to repay the Working Capital Loans, but no proceeds held in the Trust Account would be used to repay the Working Capital Loans. Except for the foregoing, the terms of such Working Capital Loans, if any, have not been determined and no written agreements exist with respect to such loans. As of September 30, 2022 and December 31, 2021, the Company had no borrowings under the Working Capital Loans.

### Administrative Services Agreement

The Company entered into an agreement that provides that, commencing on effective date of the Initial Public Offering, the Company agreed to pay the Sponsor \$0,000 per month for office space, utilities, secretarial and administrative support services. Upon completion of a Business Combination or its liquidation, the Company will cease paying these monthly fees. During the three months ended September 30, 2022 and 2021 the Company incurred \$30,000 and \$30,000 of such fees, reported as general and administrative expenses - related party in the accompanying condensed statements of operations, respectively. During the nine months ended September 30, 2022 and the period from January 8, 2021 (inception) through September 30, 2021 the Company incurred \$90,000 and \$70,000 of such fees, reported as general and administrative expenses - related party in the accompanying condensed statements of operations, respectively. As of September 30, 2022 and December 31, 2021, there were \$0 and \$10,000 of such expenses unpaid in accounts payable on the condensed balance sheets, respectively.

### Note 6 - Commitments and Contingencies

#### Registration and Shareholder Rights

The holders of the Founder Shares, Private Placement Units (including the underlying securities) and securities that may be issued upon conversion of the Working Capital Loans were entitled to registration rights pursuant to a registration rights agreement signed upon the effective date of the Initial Public Offering requiring the Company to register a sale of any of the securities held by them, including any other securities of the Company acquired by them prior to the consummation of the Company's initial Business Combination. The holders of these securities were entitled to make up to three demands, excluding short form demands, that the Company register such securities. In addition, the holders have certain "piggy-back" registration rights with respect to registration statements filed subsequent to the completion of a Business Combination. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

## BYTE ACQUISITION CORP. NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

### Underwriting Agreement

The Company granted the underwriters a 45-day option to purchase up to 4,500,000 additional Units to cover over-allotments at the Initial Public Offering price, less the underwriting discounts and commissions. On April 7, 2021, the underwriter exercised the over-allotment option in part and purchased the Over-Allotment Units, generating gross proceeds of \$23,692,510.

The underwriters received a cash underwriting discount of \$0.20 per Unit, or \$6.5 million in the aggregate, paid upon the closing of the Initial Public Offering and sale of Over-Allotment Units. In addition, the underwriters were entitled to a deferred fee of \$0.35 per Unit, or \$11.3 million in the aggregate. The deferred fee will become payable to the underwriters from the amounts held in the Trust Account solely in the event that the Company completes a Business Combination, subject to the terms of the underwriting agreement.

### Note 7 - Class A Ordinary Shares Subject to Possible Redemption

The Company's Public Shares feature certain redemption rights that are considered to be outside of the Company's control and subject to the occurrence of future events. As of September 30, 2022 and December 31, 2021, there were 32,369,251 Class A ordinary shares subject to possible redemption and classified outside of permanent equity in the condensed balance sheets.

The Class A ordinary shares subject to possible redemption reflected on the condensed balance sheets as of September 30, 2022 is reconciled on the following table:

Gross proceeds from Initial Public Offering, including sale of the Over-Allotment Units	\$ 323,692,510
Less:	
Fair value of Public Warrants at issuance	(15,217,550)
Offering costs allocated to Class A ordinary shares subject to possible redemption	(17,636,964)
Plus:	
Initial accretion on Class A ordinary shares subject to possible redemption amount	32,854,514
Remeasurement on Class A ordinary shares subject to possible redemption amount	1,824,379
Class A ordinary shares subject to possible redemption, September 30, 2022	<u>\$ 325,516,889</u>

### Note 8 - Shareholders' Deficit

**Preference Shares** - The Company is authorized to issue 1,000,000 preference shares with a par value of \$0.0001 per share. The Company's board of directors will be authorized to fix the voting rights, if any, designations, powers, preferences, the relative, participating, optional or other special rights and any qualifications, limitations and restrictions thereof, applicable to the shares of each series. The board of directors will be able to, without shareholder approval, issue preferred shares with voting and other rights that could adversely affect the voting power and other rights of the holders of the ordinary shares and could have anti-takeover effects. At September 30, 2022 and December 31, 2021, there were no preference shares issued or outstanding.

**Class A Ordinary Shares** - The Company is authorized to issue 200,000,000 Class A ordinary shares with a par value of \$0.0001 per share. Holders of the Company's Class A

ordinary shares are entitled to one vote for each share. At September 30, 2022 and December 31, 2021, there were 1,030,000 Class A ordinary shares issued or outstanding, excluding 32,369,251 Class A ordinary shares subject to possible redemption, which have been classified as temporary equity (see Note 7).

**Class B Ordinary Shares** - The Company is authorized to issue 20,000,000 Class B ordinary shares with a par value of \$0.0001 per share. Holders of the Class B ordinary shares are entitled to one vote for each share. As of September 30, 2022 and December 31, 2021, there were 8,092,313 Class B ordinary shares issued and outstanding, of which an aggregate of up to 1,125,000 shares were subject to forfeiture to the extent that the underwriters' over-allotment option was not exercised in full or in part so that the number of Founder Shares will equal 20% of the Company's issued and outstanding ordinary shares after the Initial Public Offering (excluding the Private Placement Shares). On April 7, 2021, the underwriter exercised its over-allotment in part, and 532,687 Class B ordinary shares were subsequently forfeited.

---

**BYTE ACQUISITION CORP.**  
**NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS**

Only holders of the Class B ordinary shares will have the right to vote on the election of directors prior to the Business Combination. Holders of Class A ordinary shares and holders of Class B ordinary shares will vote together as a single class on all other matters submitted to a vote of the Company's shareholders except as otherwise required by law.

The Class B ordinary shares will automatically convert into Class A ordinary shares concurrently with or immediately following the completion of a Business Combination on a one-for-one basis, subject to adjustment. In the case that additional Class A ordinary shares or equity-linked securities are issued or deemed issued in connection with a Business Combination, the number of Class A ordinary shares issuable upon conversion of all Founder Shares will equal, in the aggregate, 20% of the total number of Class A ordinary shares outstanding after such conversion (excluding the private placement shares underlying the private placement units and after giving effect to any redemptions of Class A ordinary shares by public shareholders), including the total number of Class A ordinary shares issued, or deemed issued or issuable upon conversion or exercise of any equity-linked securities or rights issued or deemed issued, by the Company in connection with or in relation to the consummation of a Business Combination, excluding any Class A ordinary shares or equity-linked securities exercisable for or convertible into Class A ordinary shares issued, or to be issued, to any seller in a Business Combination and any private placement-equivalent units issued to the Sponsor, officers or directors upon conversion of Working Capital Loans; provided that such conversion of Founder Shares will never occur on a less than one-for-one basis.

**Note 9 - Warrants**

As of September 30, 2022 and December 31, 2021, the Company had an aggregate of 16,699,626 warrants outstanding, comprised of 16,184,626 Public Warrants and 515,000 Private Placement Warrants.

Public Warrants may only be exercised for a whole number of shares. No fractional warrants will be issued upon separation of the Units and only whole warrants will trade. The Public Warrants will become exercisable 30 days after the completion of a Business Combination. The Public Warrants will expire five years from the completion of a Business Combination, or earlier upon redemption or liquidation.

The Company will not be obligated to deliver any Class A ordinary shares pursuant to the exercise of a Public Warrant and will have no obligation to settle such Public Warrant exercise unless a registration statement under the Securities Act with respect to the Class A ordinary shares underlying the warrants is then effective and a prospectus relating thereto is current, subject to the Company satisfying its obligations with respect to registration. No warrant will be exercisable and the Company will not be obligated to issue a Class A ordinary share upon exercise of a warrant unless the Class A ordinary share issuable upon such warrant exercise has been registered, qualified or deemed to be exempt under the securities laws of the state of residence of the registered holder of the warrants.

The Company is registering the Class A ordinary shares issuable upon exercise of the warrants in the registration statement of which this prospectus forms a part because the warrants will become exercisable 30 days after the completion of its initial business combination, which may be within one year of this offering. However, because the warrants will be exercisable until their expiration date of up to five years after the completion of the Company's initial business combination, in order to comply with the requirements of Section 10(a)(3) of the Securities Act following the consummation of the Company's initial business combination, under the terms of the warrant agreement, the Company agreed that, as soon as practicable, but in no event later than 15 business days, after the closing of its initial business combination, the Company will use its best efforts to file with the SEC a post-effective amendment to the registration statement of which this prospectus forms a part or a new registration statement covering the registration under the Securities Act of the Class A ordinary shares issuable upon exercise of the warrants and thereafter will use its best efforts to cause the same to become effective within 60 business days following its initial business combination and to maintain a current prospectus relating to the Class A ordinary shares issuable upon exercise of the warrants until the expiration of the warrants in accordance with the provisions of the warrant agreement. If a registration statement covering the Class A ordinary shares issuable upon exercise of the warrants is not effective by the 60th business day after the closing of a Business Combination, warrant holders may, until such time as there is an effective registration statement and during any period when the Company will have failed to maintain an effective registration statement, exercise warrants on a "cashless basis" in accordance with Section 3(a)(9) of the Securities Act or another exemption. In addition, if the Class A ordinary shares are at the time of any exercise of a warrant not listed on a national securities exchange such that they satisfy the definition of a "covered security" under Section 18(b)(1) of the Securities Act, the Company may, at its option, require holders of the Public Warrants who exercise their warrants to do so on a "cashless basis" in accordance with Section 3(a)(9) of the Securities Act and, in the event the Company elects to do so, the Company will not be required to file or maintain in effect a registration statement, but it will use its best efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available.

---

**BYTE ACQUISITION CORP.**  
**NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS**

*Redemption of warrants when the price per Class A ordinary share equals or exceeds \$18.00:*

Once the warrants become exercisable, the Company may call the outstanding warrants for redemption (except as described with respect to the Private Placement Warrants):

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon a minimum of 30 days' prior written notice of redemption to each warrant holder; and

- if, and only if, the closing price of the Class A ordinary shares equals or exceeds \$18.00 per share (as adjusted for share sub-divisions, share capitalizations, reorganizations, recapitalizations and the like) for any 20 trading days within a 30-trading day period ending three business days before the Company sends to the notice of redemption to the warrant holders (the “Reference Value”).

If and when the warrants become redeemable by the Company, the Company may exercise its redemption right even if it is unable to register or qualify the underlying securities for sale under all applicable state securities laws.

*Redemption of warrants when the price per Class A ordinary share equals or exceeds \$10.00:*

Once the warrants become exercisable, the Company may redeem the outstanding warrants:

- in whole and not in part;
- at a price of \$0.10 per Public Warrant;
- upon not less than 30 days’ prior written notice of redemption to each warrant holder;
- if, and only if, the Reference Value equals or exceeds \$10.00 per Public Share (as adjusted) for any 20 trading days within the 30-trading day period ending three trading days before the Company sends the notice of redemption to the warrant holders; and
- if the Reference Value is less than \$18.00 per share (as adjusted), the Private Placement Warrants must also be concurrently called for redemption on the same terms as the outstanding Public Warrants, as described above.

If the Company calls the Public Warrants for redemption, as described above, its management will have the option to require any holder that wishes to exercise the Public Warrants to do so on a “cashless basis,” as described in the warrant agreement. The exercise price and number of ordinary shares issuable upon exercise of the Public Warrants may be adjusted in certain circumstances including in the event of a share dividend, extraordinary dividend or recapitalization, reorganization, merger or consolidation. However, except as described below, the Public Warrants will not be adjusted for issuances of ordinary shares at a price below its exercise price. Additionally, in no event will the Company be required to net cash settle the Public Warrants. If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of Public Warrants will not receive any of such funds with respect to their Public Warrants, nor will they receive any distribution from the Company’s assets held outside of the Trust Account with respect to such Public Warrants. Accordingly, the Public Warrants may expire worthless.

**BYTE ACQUISITION CORP.  
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS**

In addition, if (x) the Company issues additional Class A ordinary shares or equity-linked securities for capital raising purposes in connection with the closing of a Business Combination at an issue price or effective issue price of less than \$9.20 per Class A ordinary share (with such issue price or effective issue price to be determined in good faith by the Company’s board of directors and, in the case of any such issuance to the Sponsor or its affiliates, without taking into account any Founder Shares held by the Sponsor or such affiliates, as applicable, prior to such issuance) (the “Newly Issued Price”), (y) the aggregate gross proceeds from such issuances represent more than 60% of the total equity proceeds, and interest thereon, available for the funding of a Business Combination, and (z) the volume weighted average trading price of the Class A ordinary shares during the 20 trading day period starting on the trading day prior to the day on which the Company consummates a Business Combination (such price, the “Market Value”) is below \$9.20 per share, then the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 15% of the higher of the Market Value and the Newly Issued Price, and the \$18.00 per share redemption trigger price will be adjusted (to the nearest cent) to be equal to 80% of the higher of the Market Value and the Newly Issued Price.

The Private Placement Warrants will be identical to the Public Warrants underlying the Units being sold in the Initial Public Offering, except that (x) the Private Placement Warrants and the Class A ordinary shares issuable upon the exercise of the Private Placement Warrants will not be transferable, assignable or salable until 30 days after the completion of a Business Combination, subject to certain limited exceptions, (y) the Private Placement Warrants will be exercisable on a cashless basis and be non-redeemable so long as they are held by the initial purchasers or their permitted transferees and (z) the Private Placement Warrants and the Class A ordinary shares issuable upon exercise of the Private Placement Warrants will be entitled to registration rights. If the Private Placement Warrants are held by someone other than the initial purchasers or their permitted transferees, the Private Placement Warrants will be redeemable by the Company and exercisable by such holders on the same basis as the Public Warrants.

**Note 10 - Fair Value Measurements**

The following table presents information about the Company’s assets and liabilities that are measured at fair value on a recurring basis as of September 30, 2022 and December 31, 2021 and indicates the fair value hierarchy of the valuation techniques that the Company utilized to determine such fair value.

<b>September 30, 2022</b>				
<b>Description</b>	<b>Quoted Prices in Active Markets (Level 1)</b>	<b>Significant Other Observable Inputs (Level 2)</b>	<b>Significant Other Unobservable Inputs (Level 3)</b>	
<b>Assets:</b>				
Investments held in Trust Account - Money market fund	\$ 325,616,889	\$ -	\$ -	-
<b>Liabilities:</b>				
Derivative warrant liabilities - Public warrants	\$ -	\$ 1,132,920	\$ -	-
Derivative warrant liabilities – Private placement warrants	\$ -	\$ 35,840	\$ -	-
<b>December 31, 2021</b>				
<b>Description</b>	<b>Quoted Prices in Active Markets (Level 1)</b>	<b>Significant Other Observable Inputs (Level 2)</b>	<b>Significant Other Unobservable Inputs (Level 3)</b>	
<b>Assets:</b>				
Investments held in Trust Account – Money market fund	\$ 323,716,979	\$ -	\$ -	-

<b>Liabilities:</b>				
Derivative warrant liabilities – Public warrants	\$	8,582,810	\$	-
Derivative warrant liabilities – Private placement warrants	\$	-	\$	271,760

Transfers to/from Levels 1, 2, and 3 are recognized at the beginning of the reporting period. The estimated fair value of the Public Warrants was transferred from a Level 3 measurement to a Level 1 measurement in May 2021, when the Public Warrants were separately listed and traded in an active market, and subsequently transferred to a Level 2 measurement during the quarter ending September 30, 2022 due to low trading volume. The estimated fair value of the Private Placement Warrants was transferred from a Level 3 measurement to a Level 2 measurement in May 2021, as the key inputs to the valuation model became directly or indirectly observable from the Public Warrants listed price.

**BYTE ACQUISITION CORP.**  
**NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS**

The initial estimated fair value of the warrants was measured using a Monte Carlo simulation. The subsequent estimated fair value of the Public Warrants is based on the listed price in an active market for such warrants while the fair value of the Private Placement Warrants continues to be measured using a Monte Carlo simulation, with level 2 inputs. For the three months ended September 30, 2022 and 2021, the Company recognized a gain/(loss) resulting from changes in the fair value of derivative warrant liabilities of approximately \$0.3 million and \$10.0 million, which is presented in the accompanying condensed statements of operations, respectively. For the nine months ended September 30, 2022 and for the period from January 8, 2021 (inception) through September 30, 2021, the Company recognized a gain/(loss) resulting from changes in the fair value of derivative warrant liabilities of approximately \$7.7 million and \$5.4 million, which is presented in the accompanying condensed statements of operations, respectively.

The following table provides quantitative information regarding Level 3 fair value measurements inputs at their measurement dates:

	<b>March 23,</b>
	<b>2021</b>
Exercise price	\$ 11.50
Share price	\$ 9.53
Volatility	15.6%
Term	6.5
Risk-free rate	1.18%

The change in the fair value of derivative liabilities, measured using Level 3 inputs, for the period ended September 30, 2021 is summarized as follows:

Derivative warrant liabilities at March 23, 2021 (inception)	\$ -
Issuance of Public and Private Warrants	14,449,550
Change in fair value of derivative warrant liabilities	294,850
Derivative warrant liabilities at March 31, 2021	\$ 14,744,400
Issuance of Public Warrants; over-allotment	1,267,550
Transfer of Public Warrants to Level 1	(15,517,550)
Transfer of Private Placement Warrants to Level 2	(494,400)
Derivative warrant liabilities at September 30, 2021	\$ -

**Note 11 - Subsequent Events**

The Company has evaluated subsequent events and transactions that occurred up to the date the unaudited condensed financial statements were issued. Based upon this review, the Company did not identify any subsequent events that would have required adjustment or disclosure in the unaudited condensed financial statements.

**Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.**

References to the “Company,” “our,” “us” or “we” refer to BYTE Acquisition Corp. The following discussion and analysis of the Company’s financial condition and results of operations should be read in conjunction with the unaudited condensed financial statements and the notes thereto contained elsewhere in this report. Certain information contained in the discussion and analysis set forth below includes forward-looking statements that involve risks and uncertainties.

**Cautionary Note Regarding Forward-Looking Statements**

This Quarterly Report on Form 10-Q includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to known and unknown risks, uncertainties and assumptions about us that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as “may,” “should,” “could,” “would,” “expect,” “plan,” “anticipate,” “believe,” “estimate,” “continue,” or the negative of such terms or other similar expressions. Such statements include, but are not limited to, possible business combinations and the financing thereof, and related matters, as well as all other statements other than statements of historical fact included in this Form 10-Q. Factors that might cause or contribute to such a discrepancy include, but are not limited to, those described in our other Securities and Exchange Commission (“SEC”) filings.

**Overview**

We are a blank check company incorporated on January 8, 2021 as a Cayman Islands exempted company for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses or entities (the “Business Combination”), that we have not yet identified. While we may pursue an initial business combination target in any business or industry, we intent to focus our search for targets in the Israeli technology industry, including those engaged in cybersecurity, automotive technology, fintech, enterprise software, cloud computing, semiconductors, medical technology, AI and robotics and that offer a differentiated technology platform and products. Our sponsor is Byte Holdings LP, a Cayman Islands exempted limited partnership (our “Sponsor”).

Our registration statement for our initial public offering was declared effective on March 17, 2021. On March 23, 2021, we consummated its Initial Public Offering of 30,000,000 units (the “Units” and, with respect to the Class A ordinary shares included in the Units being offered, the “Public Shares”), at \$10.00 per Unit, generating gross proceeds of \$300.0 million, and incurring offering costs of approximately \$17.2 million, inclusive of approximately \$10.5 million in deferred underwriting commissions. On April 7, 2021, the underwriter exercised the over-allotment option in part and purchased an additional 2,369,251 Units (the “Over-Allotment Units”), generating additional gross proceeds of \$23,692,510 (such offering, including the exercise of the over-allotment, the “Initial Public Offering”).

Simultaneously with the closing of the Initial Public Offering, we consummated the private placement (“Private Placement”) of 1,030,000 Units (the “Private Placement Units”) at a price of \$10.00 per Private Placement Unit, generating total gross proceeds of \$10.3 million.

Upon the closing of the Initial Public Offering, sale of the Over-Allotment Units, and the Private Placement, \$323.7 million (\$10.00 per Unit) of the net proceeds of the sale of the Units in the Initial Public Offering and certain of proceeds of the Private Placement were placed in a trust account (“Trust Account”) with Continental Stock Transfer & Trust Company acting as trustee and invested in United States “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act having a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act which invest only in direct U.S. government treasury obligations, as determined by us, until the earlier of: (i) the completion of a Business Combination and (ii) the distribution of the Trust Account to the shareholders.

If we are unable to complete a Business Combination within 24 months from the closing of the Initial Public Offering, or March 23, 2023, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but no more than 10 business days thereafter, redeem 100% of the outstanding Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned (less taxes payable and up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding Public Shares, which redemption will completely extinguish public shareholders’ rights as shareholders (including the right to receive further liquidation distributions, if any), and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the remaining shareholders and our board of directors, dissolve and liquidate, subject in each case to its obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law.

### Results of Operations

Our entire activity since inception through September 30, 2022 related to our formation, the preparation for the Initial Public Offering, and since the closing of the Initial Public Offering, the search for a prospective initial Business Combination. We have neither engaged in any operations nor generated any revenues to date. We will not generate any operating revenues until after completion of our initial Business Combination. We will generate non-operating income in the form of interest income on cash and cash equivalents. We expect to incur increased expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence expenses.

For the three months ended September 30, 2022, we had net income of approximately \$1.5 million, which primarily consisted of a noncash gain of approximately \$0.3 million resulting from changes in fair value of derivative warrant liabilities and income from investments held in the Trust Account of approximately \$1.4 million, partially offset by approximately \$268,000 of general and administrative expenses, including \$30,000 of general and administrative expenses to related parties.

For the three months ended September 30, 2021, we had net income of approximately \$9.8 million, which primarily consisted of a noncash gain of approximately \$10.0 million resulting from changes in fair value of derivative warrant liabilities and income from investments held in the Trust Account of approximately \$6,000, partially offset by approximately \$227,000 of general and administrative expenses, including \$30,000 of general and administrative expenses to related parties.

For the nine months ended September 30, 2022, we had net income of approximately \$8.7 million, which primarily consisted of a noncash gain of approximately \$7.7 million resulting from changes in fair value of derivative warrant liabilities and income from investments held in the Trust Account of approximately \$1.9 million, partially offset by approximately \$905,000 of general and administrative expenses, including \$90,000 of general and administrative expenses to related parties.

For the period from January 8, 2021 (inception) through September 30, 2021, we had net income of approximately \$3.9 million, which primarily consisted of a noncash gain of approximately \$5.4 million resulting from changes in fair value of derivative warrant liabilities and income from investments held in the Trust Account of approximately \$17,000, partially offset by approximately \$684,000 of general and administrative expenses, including \$70,000 of general and administrative expenses to related parties.

### Liquidity and Going Concern

As of September 30, 2022, we had cash of \$1.2 million. Until the consummation of the Public Offering, our only source of liquidity was an initial purchase of ordinary shares and private placement units by the Sponsor and loans from our Sponsor.

Our liquidity needs prior to the consummation of the Initial Public Offering had been satisfied through a payment of \$25,000 from the Sponsor to cover certain expenses on our behalf in exchange for the issuance of the Founder Shares (as defined below), a loan under a note agreement from our Sponsor of approximately \$149,000 (the “Note”), and the net proceeds from the consummation of the Private Placement not held in the Trust Account. We fully repaid the Note on March 25, 2021. In addition, in order to finance transaction costs in connection with a Business Combination, our Sponsor or an affiliate of our Sponsor, or certain of our officers and directors may, but are not obligated to, provide us working capital loans. To date, there were no amounts outstanding under any working capital loans.

In connection with the Company’s assessment of going concern considerations in accordance with the Financial Accounting Standards Board’s (“FASB”) Accounting Standards Codification (“ASC”) Topic 205-40, “Presentation of Financial Statements - Going Concern,” management has determined that the mandatory liquidation and subsequent dissolution raises substantial doubt about the Company’s ability to continue as a going concern. No adjustments have been made to the carrying amounts of assets or liabilities should the Company be required to liquidate after March 23, 2023. The unaudited condensed financial statements do not include any adjustment that might be necessary if the Company is unable to continue as a going concern.

We continue to evaluate the impact of the COVID-19 pandemic and have concluded that the specific impact is not readily determinable as of the date of the balance sheet. The unaudited condensed financial statements do not include any adjustments that might result from the outcome of this uncertainty.

### Contractual Obligations

We do not have any long-term debt, capital lease obligations, operating lease obligations or long-term liabilities, other than, an agreement to pay the Sponsor a monthly fee of \$10,000 for office space, utilities and secretarial, and administrative and support services. We began incurring these fees on March 23, 2021 and will continue to incur these fees monthly until the earlier of the completion of the Business Combination and our liquidation.

The underwriters are entitled to a deferred fee of \$0.35 per Unit, or \$11,329,238 in the aggregate. The deferred fee will become payable to the underwriters from the amounts held in the Trust Account solely in the event that we complete a Business Combination, subject to the terms of the underwriting agreement.

### **Critical Accounting Policies**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. A summary of our significant accounting policies is included in Note 2 to our condensed financial statements in Part I, Item 1 of this Quarterly Report. Certain of our accounting policies are considered critical, as these policies are the most important to the depiction of our financial statements and require significant, difficult or complex judgments, often employing the use of estimates about the effects of matters that are inherently uncertain. Such policies are summarized in the Management’s Discussion and Analysis of Financial Condition and Results of Operations section in our 2021 Annual Report on Form 10-K filed with the SEC on April 6, 2022. There have been no significant changes in the application of our critical accounting policies during the nine months ended September 30, 2022.

### **Recent Accounting Standards**

See Note 2 to the unaudited condensed financial statements included in Part I, Item 1 of this Quarterly Report for a discussion of recent accounting pronouncements.

### **Off-Balance Sheet Arrangements and Contractual Obligations**

As of September 30, 2022, we did not have any off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Regulation S-K and did not have any commitments or contractual obligations.

### **JOBS Act**

The JOBS Act contains provisions that, among other things, relax certain reporting requirements for qualifying public companies. We qualify as an “emerging growth company” and under the JOBS Act are allowed to comply with new or revised accounting pronouncements based on the effective date for private (not publicly traded) companies. We are electing to delay the adoption of new or revised accounting standards, and as a result, we may not comply with new or revised accounting standards on the relevant dates on which adoption of such standards is required for non-emerging growth companies. As a result, our financial statements may not be comparable to companies that comply with new or revised accounting pronouncements as of public company effective dates.

Additionally, we are in the process of evaluating the benefits of relying on the other reduced reporting requirements provided by the JOBS Act. Subject to certain conditions set forth in the JOBS Act, if, as an “emerging growth company,” we choose to rely on such exemptions we may not be required to, among other things, (i) provide an auditor’s attestation report on our system of internal controls over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act, (ii) provide all of the compensation disclosure that may be required of non-emerging growth public companies under the Dodd-Frank Wall Street Reform and Consumer Protection Act, (iii) comply with any requirement that may be adopted by the PCAOB regarding mandatory audit firm rotation or a supplement to the auditor’s report providing additional information about the audit and the financial statements (auditor discussion and analysis) and (iv) disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of the CEO’s compensation to median employee compensation. These exemptions will apply for a period of five years following the completion of our Initial Public Offering or until we are no longer an “emerging growth company,” whichever is earlier.

### **Item 3. Quantitative and Qualitative Disclosures About Market Risk**

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information otherwise required under this item.

### **Item 4. Controls and Procedures**

#### *Evaluation of Disclosure Controls and Procedures*

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of the effectiveness of our disclosure controls and procedures as of the end of the fiscal quarter ended September 30, 2022, as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act. Based on this evaluation, our principal executive officer and principal financial officer has concluded that during the period covered by this report, our disclosure controls and procedures were not effective as of September 30, 2022, because of a material weakness in our internal control over financial reporting. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company’s annual or interim financial statements will not be prevented or detected on a timely basis. Specifically, the Company’s management has concluded that our control around the interpretation and accounting for certain complex financial instruments was not effectively designed or maintained. This material weakness resulted in the restatement of the Company’s balance sheet as of March 23, 2021 and its interim financial statements for the quarters ended March 31, 2021 and June 30, 2021. Additionally, this material weakness could result in a misstatement of the warrant liability, Class A ordinary shares and related accounts and disclosures that would result in a material misstatement of the financial statements that would not be prevented or detected on a timely basis.

Disclosure controls and procedures are designed to ensure that information required to be disclosed by us in our Exchange Act reports is recorded, processed, summarized, and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

We do not expect that our disclosure controls and procedures will prevent all errors and all instances of fraud. Disclosure controls and procedures, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the disclosure controls and procedures are met. Further, the design of disclosure controls and procedures must reflect the fact that there are resource constraints, and the benefits must be considered relative to their costs. Because of the inherent limitations in all disclosure controls and procedures, no evaluation of disclosure controls and procedures can provide absolute assurance that we have detected all our control deficiencies and instances of fraud, if any. The design of disclosure controls and procedures also is based partly on certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions.

#### *Changes in Internal Control over Financial Reporting*

There was no change in our internal control over financial reporting that occurred during the fiscal quarter ended September 30, 2022 covered by this Quarterly Report on Form 10-Q that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting except for the below:

Our principal executive officer and principal financial officer performed additional accounting and financial analyses and other post-closing procedures including consulting with subject matter experts related to the accounting for certain complex financial instruments. The Company’s management has expended, and will continue to expend, a substantial amount of effort and resources for the remediation and improvement of our internal control over financial reporting. While we have processes to properly identify and evaluate the appropriate accounting technical pronouncements and other literature for all significant or unusual transactions, we have expanded and will continue to

---

## PART II - OTHER INFORMATION

### Item 1. Legal Proceedings

None.

#### Item 1A. Risk Factors

As of the date of this Quarterly Report on Form 10-Q, there have been no material changes to the risk factors disclosed in Part II, Item 1A. Risk Factors, of our Quarterly Report on Form 10-Q for the quarter ended June 30, 2022 other than the risk factor below.

*If we are deemed to be an investment company for purposes of the Investment Company Act, we may be forced to abandon our efforts to complete an initial business combination and instead be required to liquidate the Company. To mitigate the risk of that result, on or prior to the 24-month anniversary of the effective date of the registration statement relating to our IPO, we may instruct Continental Stock Transfer & Trust Company to liquidate the securities held in the Trust Account and instead hold all funds in the Trust Account in cash. As a result, following such change, we will likely receive minimal, if any, interest, on the funds held in the Trust Account, which would reduce the dollar amount that our public shareholders would have otherwise received upon any redemption or liquidation of the Company if the assets in the Trust Account had remained in U.S. government securities or money market funds.*

On March 30, 2022, the SEC issued proposed rules (the “SPAC Rule Proposals”), relating, among other things, to circumstances in which SPACs such as us could potentially be subject to the Investment Company Act and the regulations thereunder. The SPAC Rule Proposals would provide a safe harbor for such companies from the definition of “investment company” under Section 3(a)(1)(A) of the Investment Company Act, provided that a SPAC satisfies certain criteria. To comply with the duration limitation of the proposed safe harbor, a SPAC would have a limited time period to announce and complete a de-SPAC transaction. Specifically, to comply with the safe harbor, the SPAC Rule Proposals would require a company to file a report on Form 8-K announcing that it has entered into an agreement with a target company for an initial business combination no later than 18 months after the effective date of the registration statement for its initial public offering. The company would then be required to complete its initial business combination no later than 24 months after the effective date of the registration statement for its initial public offering. We understand that the SEC has recently been taking informal positions regarding the Investment Company Act consistent with the SPAC Rule Proposals.

There is currently uncertainty concerning the applicability of the Investment Company Act to a SPAC, including a company like ours, that does not complete its initial business combination within the proposed time frame set forth in the proposed safe harbor rule. As indicated above, we completed our IPO in March 23, 2021 and have operated as a blank check company searching for a target business with which to consummate an initial business combination since such time (or approximately 18 months after the effective date of our IPO, as of the date of this Quarterly Report). If we were deemed to be an investment company for purposes of the Investment Company Act, we might be forced to abandon our efforts to complete an initial business combination and instead be required to liquidate the Company. If we are required to liquidate the Company, our investors would not be able to realize the benefits of owning shares in a successor operating business, including the potential appreciation in the value of our shares and warrants following such a transaction, and our warrants would expire worthless.

The funds in the Trust Account have, since our IPO, been held only in U.S. government treasury obligations with a maturity of 185 days or less or in money market funds investing solely in U.S. government treasury obligations and meeting certain conditions under Rule 2a-7 under the Investment Company Act. As of September 30, 2022, amounts held in Trust Account included approximately \$1.9 million of accrued interest. To mitigate the risk of us being deemed to have been operating as an unregistered investment company under the Investment Company Act, we may, on or prior to the 24-month anniversary of the effective date of the registration statement relating to our IPO, or March 17, 2023, instruct Continental Stock Transfer & Trust Company, the trustee with respect to the Trust Account, to liquidate the U.S. government treasury obligations or money market funds held in the Trust Account and thereafter to hold all funds in the Trust Account in cash (i.e., in one or more bank accounts) until the earlier of the consummation of a business combination or our liquidation. Following such liquidation of the assets in our Trust Account, we will likely receive minimal interest, if any, on the funds held in the Trust Account, which would reduce the dollar amount our public shareholders would have otherwise received upon any redemption or liquidation of the Company if the assets in the Trust Account had remained in U.S. government securities or money market funds. This means that the amount available for redemption will not increase in the future.

In addition, even prior to the 24-month anniversary of the effective date of the registration statement relating to our IPO, we may be deemed to be an investment company. The longer that the funds in the Trust Account are held in short-term U.S. government securities or in money market funds invested exclusively in such securities, even prior to the 24-month anniversary, there is a greater risk that we may be considered an unregistered investment company, in which case we may be required to liquidate. Accordingly, we may determine, in our discretion, to liquidate the securities held in the Trust Account at any time, even prior to the 24-month anniversary, and instead hold all funds in the Trust Account in cash, which would further reduce the dollar amount our public shareholders would receive upon any redemption or our liquidation.

### Item 2. Unregistered Sales of Equity Securities and Use of Proceeds from Registered Securities

#### Unregistered Sales

On January 22, 2021, our Sponsor paid an aggregate of \$25,000 for certain offering costs on our behalf in exchange for issuance of 8,625,000 Class B ordinary shares (the “Founder Shares”). The holders of the Founder Shares agreed to forfeit up to an aggregate of 1,125,000 Founder Shares, on a pro rata basis, to the extent that the option to purchase additional units is not exercised in full by the underwriters, so that the Founder Shares will represent 20% of the Company’s issued and outstanding shares after the Initial Public Offering. On April 7, 2021, the underwriter exercised its over-allotment option in part, and 532,687 Founder Shares were subsequently forfeited by our Sponsor.

No underwriting discounts or commissions were paid with respect to such sales.

#### Use of Proceeds

In connection with the Initial Public Offering, we incurred offering costs of approximately \$17.2 million (including deferred underwriting commissions of approximately \$10.5 million). Other incurred offering costs consisted principally of preparation fees related to the Initial Public Offering. After deducting the underwriting discounts and commissions (excluding the deferred portion, which amount will be payable upon consummation of the Initial Business Combination, if consummated) and the Initial Public Offering expenses, \$300.0 million of the net proceeds from our Initial Public Offering and certain of the proceeds from the Private Placement Units (or \$10.00 per Unit sold in the Initial Public Offering) was placed in the Trust Account. The net proceeds of the Initial Public Offering and certain proceeds from the sale of the Private Placement Units are held in the Trust Account and invested as described elsewhere in this Quarterly Report on Form 10-Q.

There has been no material change in the planned use of the proceeds from the Initial Public Offering and Private Placement as is described in the Company’s final prospectus related to the Initial Public Offering.

**Item 3. Defaults Upon Senior Securities**

None.

**Item 4. Mine Safety Disclosures**

Not applicable.

**Item 5. Other Information**

None.

**CERTIFICATION PURSUANT TO RULES 13a-14(a) AND 15d-14(a)  
UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS ADOPTED PURSUANT TO  
SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, Danny Yamin, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q for the quarter ended September 30, 2022 of BYTE Acquisition Corp.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the registrant and have:
  - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. [Paragraph intentionally omitted in accordance with SEC Release Nos. 34-47986 and 34-54942];
  - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls over financial reporting.
